

Kiel, 8 April 2009

Dear X-35 owners

Together with X-Yachts Point of Sailing formed a partnership to promote activities and events happening around the world within and for your class. Our long-term goal is to increase the class profile and establish an event calendar with the maximal outcome concerning class activities for you as members.

We as the central point will collect all the information and spread it out to attract more sailors to participate in events they might not have known of before. More transparency as well as a proper coordination of relevant information is what we are aiming for.

In order to establish such a network we are relying on your cooperation as an organization can only be as strong as its member's commitment. To support the class and its productivity we kindly ask you to let us know where and when there are events for X-35 you know about (preferably link to event website) and if how many yachts will be involved.

Thank you for your help - we are looking forward to your reply!

Best regards
Karoline
